

Over The Rainbow Association

Executive Director Update

Eric Huffman

April Issue

Dear Friends,

April has been an exciting month for the Over The Rainbow staff and board! We received exciting news on our 11th building in Des Plaines, Illinois; we are advancing new partnerships within the communities of all of our OTR apartment buildings; and our 9th building, Southwick Place, has been nominated and chosen as a finalist for a prestigious Urban Land Institute Vision award! We wanted to convey that affordable housing doesn't have to be so basic- it can be exciting!

All this is not possible without the continued support and advocacy of people like YOU! From the OTR staff, board, residents, and myself, we extend our biggest THANK YOU for allowing us to continue to do what we do best- build the best possible barrier-free homes for people with disabilities, and provide supportive services to them when needed!

Sincerely,

OTR receives funding for an 11th Building!
